

OSCB Training 2021/22

Overview

- **289** OSCB training events in total
- **5072** practitioners attended virtual and face to face safeguarding training
- **8809** practitioners completed online learning

What practitioners have told us about OSCB training:

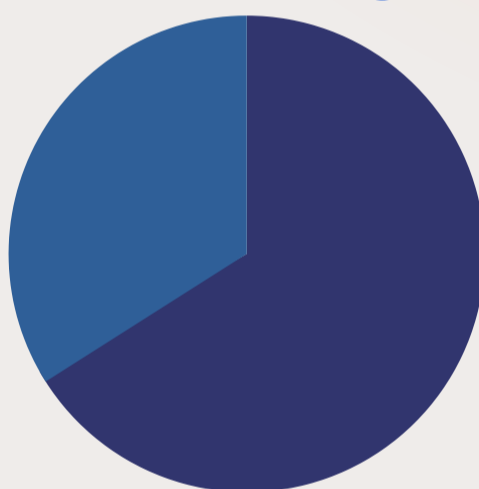

"I described it as akin to quality supervision (a rare experience for many DSLs). A fantastic use of time and resource"

"This was by far the best Safeguarding course I have done. Great information sharing"

Preferred method of training

Face to face learning
34%

Online learning
66%

OSCB Trainers

- **75** volunteer safeguarding trainers
- **12** new trainers this year
- **3** development sessions were held for trainers to learn about self-harm referrals and healthy strategies, domestic abuse and young people and case reviews

Thank you!

What trainers have told us about training on behalf of the OSCB:

"I enjoy it, it gives me lots of different perspectives, pushes me to keep up to date on research and knowledge, I generally enjoy passing that knowledge to others. People are nice, I find it more valuable in terms of my development than going to training sessions, trainer development days are a good space to get together with other professionals"
